Committed to Bringing Tennis to Keizer

KEIZER TENNIS ASSOCIATION

About Us

The Keizer Tennis Association (KTA) is a non-profit organization whose mission is to promote the development of tennis in Keizer and to partner with residents, other community oriented organizations and the City of Keizer in that effort.

The KTA is a community tennis association member of the United States Tennis Association (USTA) which allows us to use the resources of the USTA to help implement leagues, lessons, programs and tournaments. The USTA also offers grants to help bring down program costs.

The KTA is a member of the National Junior Tennis and Learning (NJTL) network. The NJTL provides low-cost team tennis opportunities for beginners to advanced players. The NJTL offers kids opportunities to work on teamwork, sportsmanship, self-discipline, respect for fellow competitors and self-esteem.

Our Goals

- To build 6 USTA regulation tennis courts in Keizer. A covered facility is a long-range goal.

- To conduct lessons, clinics, leagues and tournaments for all age groups at a low cost or for free.
- To promote the wonderful lifetime sport of tennis.
- To provide opportunities for wholesome recreation, fitness, self-discipline, sportsmanship, teamwork and socialization.

Our Board

The KTA's board is comprised of men and women who love tennis and the idea that anyone of any age and any economic background can enjoy the game.

Benefits of Tennis

The benefits of tennis are too numerous to list here, but the following are some which stand out.

- An activity that takes little money and as few as 2 people to play – all you need is a racquet and a can of balls – oh, and a decent court.
- Scientists and physicians around the world view tennis as the most healthful activity in which you can

participate. No sport other than tennis has ever been acclaimed from all disciplines as one that develops great benefits physically, mentally and emotionally.¹ What parent wouldn't want their children to get these benefits through their growing years?

- Tennis players scored higher in vigor, optimism and self-esteem while scoring lower in depression, anger, confusion, anxiety and tension than other athletes and non-athletes.²

How You Can Help

The KTA seeks your support, through donations or in-kind services. Your donation is tax-deductible and, since our members are all volunteers (other than those who are instructors), 100% of your contribution goes towards our goals. For more information about us and our programs, please visit our web site at keizertennisassociation.org. You are also encouraged to call our President, Rick Hammerquist, at (503) 585-4819 if you have questions, comments or suggestions.

Thank you for your support!
